Meeting Minutes
Of
2025 Annual General Shareholders' Meeting

(Translation)

(The translated document is prepared in accordance with the Chinese version and is for reference only. In the event of any inconsistency between the English version and the Chinese version, the Chinese version shall prevail.)

DARWIN PRECISIONS CORPORATION

Meeting Minutes of 2025 Annual General Shareholders' Meeting

Time: 9:00 a.m., June 11, 2025, Wednesday

Means: Physical Shareholders Meeting

Place: Meeting Room in GIS HSP Convention Center EINSTIEN Room
(2F, No.1, Gongye E. 2nd Rd., East Dist., Hsinchu City, Taiwan)

Total shares represented by shareholders present in person or by proxy: 378,708,877 shares (including 330,336,705 shares casted electronically), representing 56.90% of the 665,555,114 outstanding shares of the Company, constituting the quorum.

Directors present: Kuo-Hsin (Michael) Tsai, Chairman and CSO

I-Shih Chen, Independent Director, Convener of Audit Committee and
Remuneration Committee

Huei-Shih Lung, Independent Director, Member of Audit Committee and
Remuneration Committee

Attendee: Sheng-Kai (SK) Huang, President

Yen-Hui Chen, Certified Public Accountant

Chair: Kuo-Hsin (Michael) Tsai, Chairman and CSO

Recorder: Lynn Chu

- I. Meeting Commencement Announced (The aggregate shareholding of the shareholders present in person or by proxy complied with article 174 of Company Act. The Chair called the meeting to order.)
- II. Chair's Address (Omitted)
- III. Report Items
 1. To report the business of 2024
Explanation: The 2024 Business Report is attached hereto as Attachment 1.
 2. Audit Committee's Review Report of 2024
Explanation: The Audit Committee's Review Report is attached hereto as Attachment 2.
 3. To report the distribution of employees' and directors' remuneration of 2024
Explanation:
Distribution of NT\$16,486,084 and NT\$1,648,608 in cash as remunerations to employees and directors, respectively, have been approved by the meeting of the Board of Directors held on February 11, 2025.
 4. To report the cash dividend distribution of 2024 earnings
Explanation:
(1) In accordance with Article 18-2 of the Articles of Incorporation of the Company, where the Company has a profit at the end of each fiscal year, the Board of Directors shall prepare an earnings distribution proposal. Dividend distribution in the form of cash shall be approved by the Board of Directors and a report of such distribution shall be submitted to the

shareholders' meeting.

- (2) The proposed distribution is allocated from the available earnings for distribution at the end of the 2024 period, and cash dividends amounting to NT\$166,388,779 were distributed to shareholders at NT\$0.25 per common share, have been approved by the meeting of Board held on April 28, 2025, and approved that the Chairman of the Board of Directors is authorized to determine the ex-dividend date and payment date for the cash dividend distribution and other related matters.
- (3) If the dividend distribution ratio is adjusted due to a change in the Company's total number of outstanding common shares, it is proposed to authorize the Chairman of the Board of Directors to adjust the ratio of dividend to be distributed to each common share based on the total amount of cash dividends and the actual number of common shares outstanding on the record date for distribution.
- (4) The cash dividend is calculated according to the distribution ratio up to the nearest NT Dollar with amounts less than one dollar will be discarded based on the names of shareholders and their shareholdings as recorded in the stockholders' register on the record date for distribution. The cash distribution under one whole NT Dollar will be recognized as "Other Income" of the Company.

The Chair, President and the convener of the Audit Committee have explained the above report items to the shareholders and there were no questions from the shareholders.

IV. Election Item

By- election of two directors (including one independent director) for the thirteenth term directors
(Proposed by the Board of Directors)

Explanation:

- (1) There are two vacancies in the thirteenth-term Board of Directors of the Company. According to the Company Act, the Securities and Exchange Act and Article 12 of the Company's Articles of Incorporation, the by-election of two directors (including one independent director) should be conducted at the present Shareholders' Meeting.
- (2) The by-election of the thirteenth-term directors will take office immediately upon election in this Shareholders' Meeting. The term of the office will be from June 11, 2025 to June 13, 2026 to make up for the original term.
- (3) According to Article 12 of the Company's Article of Incorporation, directors shall be elected by adopting candidate nomination system and shareholders shall elect the directors from the nominated candidates.
The list of Director Candidates, please refer to Attachment 3.
- (4) The Company's Rules for the Election of Directors, please refer to the Meeting Agenda Appendice 3.

Election Result:

The list of the newly elected directors with indication of votes received by each was as listed below:

Types of Elected	Shareholder account number or identification document number	Shareholder Name or Name	Votes Received
Director	I44148	Sheng-Kai (SK) Huang	312,568,712
Independent Director	F22014****	Maggie Lu	413,105,676

V. Recognition and Discussion Items

1. To accept 2024 Business Report and Financial Statements (Proposed by the Board of Directors)

Explanation:

(1) The 2024 Financial Statements were audited by the independent auditors, Yen-Hui Chen and Shyh-Huar Kuo of KPMG.

(2) For the 2024 Business Report, Independent Auditors' Report, and Financial Statements thereto, please refer to Attachment I and Attachments 4-5.

Resolution:

Voting Results:

378,708,877 shares were represented at the time of voting (including 330,336,705 shares casted electronically)

Voting Results	Voting Rights	Percentage of Voting Rights by Attending Shareholders
Votes in favor	364,780,868	96.32%
Votes against	429,459	0.11%
Votes invalid	0	0.00%
Votes abstained / Not voted	13,498,550	3.56%

RESOLVED, that the above proposal be and hereby was accepted as proposed after attending shareholders voted.

2. To accept the proposal for the distribution of 2024 earnings (Proposed by the Board of Directors)

Explanation: For the Proposal for 2024 Earnings Distribution, please refer to Attachment 6.

Resolution:

Voting Results:

378,708,877 shares were represented at the time of voting (including 330,336,705 shares casted electronically)

Voting Results	Voting Rights	Percentage of Voting Rights by Attending Shareholders
Votes in favor	365,194,860	96.43%
Votes against	461,889	0.12%
Votes invalid	0	0.00%
Votes abstained / Not voted	13,052,128	3.44%

RESOLVED, that the above proposal be and hereby was accepted as proposed after attending shareholders voted.

3. To conduct the proposal of Capital Reduction in cash (Proposed by the Board of Directors)

Explanation:

(1) In order to adjust the capital structure, the Board of the Company resolved to reduce capital and refund cash to shareholders.

(2) The cash capital reduction amount for this transaction is NT\$665,555,120, with 66,555,512

shares to be canceled. This is based on the current total number of outstanding shares of the Company, which is 665,555,114 common shares. The capital reduction ratio is approximately 10%, with a cash refund of about NT\$1 per share, rounded-down to the nearest dollar (with amounts below one dollar being discarded). After the reduction, the capital will be NT\$5,989,996,020, corresponding to 598,999,602 shares. However, the actual paid-in capital and the effective capital reduction ratio will be calculated based on the total number of outstanding shares on the capital reduction record date.

- (3) According to the total number of outstanding shares calculated in the preceding paragraph, approximately 100 shares will be reduced for every 1,000 shares (i.e., approximately 900 new shares will be issued for every 1,000 shares). After capital reduction, shareholders may combine shares of common stock less than 1 share into whole shares with the stock transfer agency of the Company between 5 days prior to the book closure date of replacement of shares upon capital reduction and the day before the date of book closure. The fractional shares of common stock that are still less than 1 share after combination or not processed within the deadline will be converted into cash for payment based on the closing price on the last trading day in the centralized stock exchange market before the capital reduction record date, with the amount rounded-down to the nearest dollar (amounts less than one dollar will be discarded). The payment will also offset any securities depository fees or the cost of non-physical registration. The chairman is authorized to appoint a specific party to purchase such fractional shares at the closing price.
- (4) The new shares to be issued under the capital reduction will be issued without any entity, and the rights and obligations of the new shares will be the same as those of the original shares.
- (5) After the approval of this capital reduction from the shareholders' meeting and the authorities, the chairman will be authorized to determine the plan for capital reduction and replacement of shares, the record date of the capital reduction and replacement of shares.
- (6) If, prior to the record date for this cash capital reduction, there is any change in the Company's capital that affects the number of outstanding shares, resulting in the need to adjust the capital reduction ratio and the cash refund per share, or if this capital reduction plan needs to be revised due to amendments in laws, approvals from the competent authorities, or other changes in the external environment, it is proposed that the shareholders' meeting authorize the chairman to handle such matters at their discretion.

Resolution:

Voting Results:

378,708,877 shares were represented at the time of voting (including 330,336,705 shares casted electronically)

Voting Results	Voting Rights	Percentage of Voting Rights by Attending Shareholders
Votes in favor	364,809,920	96.32%
Votes against	785,980	0.20%
Votes invalid	0	0.00%
Votes abstained / Not voted	13,112,977	3.46%

RESOLVED, that the above proposal be and hereby was accepted as proposed after attending shareholders voted.

4. To amend the Articles of Incorporation (Proposed by the Board of Directors)

Explanation:

- (1) To comply with the operational needs and the amendment of Article 14, Paragraph 6 of the Securities and Exchange Act. It is proposed to amend certain articles of the Articles of Incorporation of the Company.
- (2) Comparison table for before and after the amendments of the Articles of Incorporation, please refer to Attachment 7.

Resolution:

Voting Results:

378,708,877 shares were represented at the time of voting (including 330,336,705 shares casted electronically)

Voting Results	Voting Rights	Percentage of Voting Rights by Attending Shareholders
Votes in favor	365,175,846	96.42%
Votes against	454,757	0.12%
Votes invalid	0	0.00%
Votes abstained / Not voted	13,078,274	3.45%

RESOLVED, that the above proposal be and hereby was accepted as proposed after attending shareholders voted.

5. To amend the Rules for the Election of Directors (Proposed by the Board of Directors)

Explanation:

- (1) To comply with relevant laws and regulations and the operational needs. It is proposed to amend certain articles of the Rules for the Election of Directors of the Company.
- (2) Comparison table for before and after the amendments of the Rules for the Election of Directors, please refer to Attachment 8.

Resolution:

Voting Results:

378,708,877 shares were represented at the time of voting (including 330,336,705 shares casted electronically)

Voting Results	Voting Rights	Percentage of Voting Rights by Attending Shareholders
Votes in favor	365,082,373	96.40%
Votes against	549,229	0.14%
Votes invalid	0	0.00%
Votes abstained / Not voted	13,077,275	3.45%

RESOLVED, that the above proposal be and hereby was accepted as proposed after attending shareholders voted.

6. To lift the non-competition restrictions on directors and their representatives (Proposed by the Board of Directors)

Explanation:

- (1) According to Article 209 of the Company Act, any Director conducting business for himself/herself/itself or on behalf of other people that is within the Company's business scope, shall provide explanation for the essential contents of such conduct at the Shareholders' Meeting, and obtain approval therefrom.
- (2) List of the non-competition restrictions on directors and their representatives proposed to be lifted in the 2025 Annual General Shareholders' Meeting is as Attachment 9.

Resolution:

Voting Results:

378,708,877 shares were represented at the time of voting (including 330,336,705 shares casted electronically)

Voting Results	Voting Rights	Percentage of Voting Rights by Attending Shareholders
Votes in favor	364,359,311	96.21%
Votes against	1,402,921	0.37%
Votes invalid	0	0.00%
Votes abstained / Not voted	12,946,645	3.41%

RESOLVED, that the above proposal be and hereby was accepted as proposed after attending shareholders voted.

VI. Other Recorded matters

Regarding the item 3 of Recognition and Discussion : To conduct the proposal of Capital Reduction in cash, the shareholders asked the following questions, and then there were no questions from shareholders on the other proposals.

● Summary of Shareholder's Statements (No. 21012):

According to the letter (Reference No.: Zheng-Bao-Fa-Zi No. 1140001938) from the Securities and Futures Investors Protection Center (No. 21012), the Company is required to explain the following matters to shareholders at the shareholders' meeting:

1. The reasons, necessity and rationality for the capital reduction in cash.
2. The source of funds for the capital reduction in cash, as well as the impact of the capital reduction in cash on the Company's financial status, normal business operations, and the stability of the capital structure.
3. Whether the Company will plan to conduct additional fundraising in the current fiscal year or the upcoming year, and the necessity and rationality of such plans.
4. The Parent Company Only Financial Statements of the Company for 2024 has a profit before income tax of NT\$187,021 thousand and a net cash outflow of NT\$1,257,155 thousand. Please explain in detail the source of funds for the capital reduction in cash, the decision-making considerations, and the reasons for the adjustment of business strategy.

Summary of emcee's explanation by Chair's assigned:

With the abundance of proprietary funds, the Company resolved to reduce capital and refund cash to shareholders in order to activate shareholder capital utilization and to appropriately adjust its capital structure by the assessment of its operating scale. The current ratio and financial structure of the Company's Consolidated Financial Statements for 2024 is steady. The ratio of the capital reduction amount in cash to total assets is small. The operating activities in the past two years have shown net cash inflows and cash contributions from non-operating income and expenses. Therefore, the capital reduction in cash will not have a significant adverse impact on the Company's financial status, normal business operations, and the stability of the capital structure.

The Company has no plans to conduct additional fundraising in the current fiscal year or the upcoming year.

The cash flow of the Parent Company Only Financial Statements of the Company for 2024 has a net cash outflow, mainly due to the net repayment of long-term borrowings and investment in financial assets with the abundance of proprietary funds.

● Summary of Shareholder's Statements (No. 169598):

Please explain the depressed stock price and how to improve it and return higher dividends to shareholders.

Summary of Chair's Response:

The stock price mainly depends on the Company's forward-looking future development. DARWIN will use its existing core technology to develop new businesses, hoping to make profits from the main business. With the contribution from the development of the new businesses in the future, it will create more opportunities or areas of improvement and development for DARWIN.

As for dividends, it mainly depends on whether Darwin can improve its performance and enhance its profitability through the development of its core business and new businesses. Darwin's capital is relatively large compared to its industry peers, so it resolved to reduce capital and refund cash to shareholders.

VII. Extraordinary Motions:

There were no extraordinary motions, and the Chair announced the meeting was finished and adjourned.

There were no questions from the shareholders about extraordinary motions.

VIII. Meeting Adjourn: 9:48 a.m. on the same day.

(The content of the statement recorded in this meeting minutes is only a summary. The actual speech shall be subject to on-site video and audio recording.)

(Because the percentage of approval votes, disapproval votes, invalid votes, abstention votes and no votes held by total votes is calculated to the second decimal place by unconditional rounding and then the total percentage might not be exactly equal to 100.00 %.)

Attachment I

2024 Annual Business Report

Looking back to 2024, the unfavorable factors such as war, inflation, and interest rate hikes still lingered in the international market, and continued to affect the momentum of end-consumption. Given the challenging business environment, the global personal computer (PC) market exhibited moderate recovery. According to IDC, worldwide PC shipments reached 260 million units in 2024, up 1% from 2023. Due to the optimization of the product portfolio and significant improvement in operational structure, Darwin Precision's shipments of MNT and NB display modules have increased by 5% year-over-year, and the overall revenue grew significantly.

In 2024, the consolidated revenue was NT\$20.87 billion, up 17% from 2023. The operating net loss was NT\$148 million, the net profit after tax was NT\$187 million, and the basic earnings per share was NT\$0.28.

Looking back at 2024, important achievements and progresses are as follows:

- **Manufacturing:**
 - In Q3, the MNT of Xiamen Plant made a breakthrough of IKK. In Q4, the high-precision printing LGP and high scattering ink development technology of the high-end model's 4-sided frameless verification were completed.
 - Wujiang Plant: Successfully developed the design and development of NB iron-plastic frame, and is leading our industry peers in terms of quality and technology; successfully developed the high-end display automated color production capacity, and has been recognized by customers, with new projects given; backlight assembly automation has been upgraded for high-end backlight module assembly precision <0.1mm.
 - The Company has obtained the VDA 6.3 certification for international automotive customers and is qualified as a management system for international suppliers.
 - Automotive ODM Mini-LEDs Backlight 9.9"/16"/17"/41.7" with MLP & Cavity and other new technologies can effectively improve product light efficiency and reduce the Halo Effect.
 - Auto privacy BLU: The special double-layer backlight structure achieves the viewing angle switching effect. It has been awarded orders from foreign first-tier manufacturers, and the relevant left/right driving products are now in the verification stage.
- **System Integration:**
 - Official launch of self-developed On Camera MNT ODM product in Q4.
 - The entire 43"/50"/55"C & J type series have entered mass production.
 - The first mass production of LED Wall MIT was completed.
 - The first batch of new customers for IWB's OEM has been shipped, and the Company will continue to expand its new customers.
 - The high luminance 65"/75"Outdoor Signage (4000 nits) entered mass production.
- **Diversified deployment:**
 - UFO TOUCH product development: The product won the Taiwan Quality Award, Outstanding Technology Award, and Central Taiwan Science Innovative Product Award 2024, which has been introduced to hospitals, luxury houses, and other fields. Participated in TOUCH Taiwan, Tokyo Content, and CEATEC show to increase brand exposure.
 - Microstructure technology development: The mass production of microneedle patches was launched in Q3. The Company participated in the 27th Cosmopack Asia, Hong Kong Exhibition, to display its microneedle eye masks, microneedle acne patches, and Combo Mask, demonstrating its R&D capabilities on the international stage. In addition, the Company has introduced related technologies and cooperated with biotechnology manufacturers to develop water supply, chemical control, and gas exposure systems.

- Development of smart field system: Combining a variety of display devices (LCD, EPD...) with the front-end device and back-end management system equipped with the operating system, and integrating various functional sensing devices and AI technology (ToF, face recognition, AI,...) to provide a complete solution.
 - Completed the large-scale display and AI application integration solutions, integrating smart signage, shelf labels, ultra-thin LED screens, combining multi-modality and generating display AI to provide a complete smart retail solution to increase sales volume at Hands Tailung, Miramar.
 - A large language model (LLM) and transparent display were combined to develop translation and two-way customer service, and were used in important transportation areas such as Taoyuan Airport, Songshan Airport, Xiaogang Airport, Taipei Main Station, and Taoyuan MRT.
 - The large-scale integration project was completed at Kaohsiung Port Warehouse No.2. Based on the characteristics of the site, it included a large curved LED display interactive program, installation art made with electronic paper, electronic signage and corridors, transparent displays, and long outdoor rigid displays, as well as charging points and a Line push system, enhancing the experience of the tourists.

Overall Business Environment and Industry Trends:

The global economic growth forecast of all institutions is between 2.7% and 3.3% in 2025. However, it is generally expected that the growth will be maintained at 3%, lower than the average of 3.7% from 2000 to 2019. The main risk factors include trade tensions, geopolitical uncertainties, and inflationary pressure. According to the forecast of TrendForce, a market research institution, the global shipment of notebooks (NB) will reach 183 million units in 2025, growing by 5.2% from the 174 million units in 2024. This growth is mainly due to the increase in commercial demand and the increase in AI penetration rate. Although the contribution of AI laptops is relatively limited, the added functions of AI is a trend of specification upgrades. It is expected that the penetration rate of AI laptops will naturally increase during the process of integrating AI functions by brands.

The popularity of AI PCs is expected to increase the demand for high-resolution and high-speed display. AI PCs require stronger computing and visual presentation capabilities. Therefore, the demand for panels is to increase significantly in the second half of 2025. With the growing popularity of smart cockpits and the increasing level of automotive electronics, the demand for automotive display continues to grow, and the size is gradually increasing. The demand for displays with a size of 9 inches or more is particularly significant. In addition to the demand for the control panel, the head-up display (HUD) and the back view display are also increasing. These applications will further promote the market growth. It is expected that the compound annual growth rate (CAGR) of the 9-inch and above automotive display will reach 10.7% from 2024 to 2029.

Business Strategy and Outlook

Looking ahead to 2025, the Company will optimize its core business and diversify its development, and will also:

Optimize core business

- Continue to optimize the business operation and innovative technology capability of notebook/monitor/vehicle panel modules and light guide panels, as well as the related business of backlight modules, and enhance the automated and high-precision production capacity through equipment modification, to improve the market competitiveness of products.
 - MNT: Enhance the mass production capacity of high-end models, and the mass production of frameless products.
 - NB: Expand the backlighting capacity of the industrial control display, strengthen the structure of high-end NB products, and reinforce the lean production capacity of Wujiang Plant.
 - Car: Concentrate on advanced ODM promotion, such as GLP & Privacy, China car and other high-end models.

- Automotive ultra-thin Mini-LEDs backlight: Using the self-owned patented light guide technology, the ultra-thin Mini-LEDs backlight can be designed for the standalone automotive display. Verification with the customers.
- In view of the continued rise of display energy saving issues, the second generation high-efficiency MNT LGP will be introduced into high-end frameless products in 2025/Q2.
- Continue to expand the system integration service business, provide customers with professional display, outdoor high brightness, energy-saving design and system manufacturing solutions.
 - Camera monitor (On Camera Monitor) products: Features HDR display, photography assistance... and other functions to meet the needs of real-time confirmation of the quality of photography. The Company has also developed specialized accessories, battery UPS devices, and image wireless transmission modules, providing customers with comprehensive solutions.
 - Development of high luminance and energy-saving outdoor display technology: Develop full-size outdoor/high brightness display applications by combining ultra-high brightness, energy-saving area backlight control technology with high-resolution displays that are highly efficient in heat dissipation, waterproof, dustproof, weatherproof, and sunlight-resistant.
 - For special fields (such as military grade, navigation, transportation, medical care, etc.), the Company cooperates with customers to develop new applications for specialized displays, such as salt spray resistance, vibration resistance, and ruggedness.

Diversified development

- Through microstructure technology, the Company has entered the biotechnology application fields of medicine and healthcare, and expanded the application of microstructure technology, developed microneedle patches and rollers, and entered the medical and aesthetic fields. The Company has also invested in R&D of anti-aging products for whitening and anti-wrinkle skin care products, and will move on to the development of the medical and pharmaceutical fields.
- Combining the core capabilities of microstructure and system integration, the Company invests in the development of biomedical and organ chip inspection components, inspection instruments and system integration. The Company deeply cultivates different types of application areas, and simultaneously integrates the development of chip and system observation equipment, hoping to provide a one-stop service for downstream customers and shorten the time for customers to develop new products.
- With the floating image touch technology, the Company has the market of non-contactless elevator buttons in the post-pandemic era. The Company leads a new blue ocean for innovative public health applications, actively expanding to more end-users such as hospitals, department stores, construction companies, and other public venues. The UFO TOUCH can effectively reduce the risk of cross-contamination to further improve the safety standards of the medical environment. In the future, UFO TOUCH technology can be applied to ticket machines and POS cash registers in the future, bringing a new experience for public health and technology innovation.
- Smart field: Focus on smart medical care, smart transportation, smart retail, smart customer service, and smart entertainment; build high-end display products and management systems; and apply market verification for technology and applications, further deploying overseas market sales
 - Smart transportation: Multi-Camera Multi-Object Tracking (MCMT): The MCMT technology is used to track ships, solve ship management issues in the port, and monitor the port's navigation safety. In terms of road traffic, the traffic flow can be analyzed to solve safety and traffic congestion problems.
 - Smart link: The Company has developed a multi-mode AI recognition smart link modular design for easy expansion and maintenance, with no additional equipment to affect the

functionality and aesthetics, establishing a camera cluster effect, protecting the city and ensuring traffic safety.

- Continue to optimize the solution blocks of the field, promote the domestic market and enter overseas markets.

The global economy is at the stage of slight growth, but there are still challenges of economic black swans. The increase in tariffs in the US may drive global inflation. The rapid development of AI chips will drive a new wave of application demand and industrial reform. Our team will continue to strengthen the advantages of technology and high-end manufacturing, to overcome the challenges and embrace opportunities. Meanwhile, we will actively promote the development of new business, and strive to achieve the Company's goal of continuous profitability and long-term development.

Audit Committee's Review Report

The Board of Directors has prepared the Company's Business Report, Financial Statements, and Earnings Distribution Proposal for the year of 2024. Yen-Hui Chen and Shyh-Huar Kuo, Certified Public Accountants of KPMG, have audited the Financial Statements. The 2024 Business Report, Financial Statements, and Earnings Distribution Proposal have been reviewed and determined to be correct and accurate by the Audit Committee of DARWIN PRECISIONS CORPORATION. I, as the Chair of the Audit Committee, hereby submit this report according to Article 14-4 of the Securities and Exchange Act and Article 219 of the Company Act.

Independent Auditors' Report

To the Board of Directors of Darwin Precisions Corporation.:

Opinion

We have audited the financial statements of Darwin Precisions Corporation. ("the Company"), which comprise the balance sheet as of December 31, 2024 and 2023, the statement of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the financial statements, including a summary of material accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2024 and 2023, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

I. Revenue recognition

Refer to Note 4(14) "Revenue from contracts with customers" and Note 6(16) "Revenue from Contracts with Customers" to the parent company only financial statements.

Description of key audit matter:

Revenue is recognized when the control over a product has been transferred to the customer as specified in each individual contract with customers. The Company recognizes revenue depending on the various sales terms in each individual contract with customers to ensure the performance obligation has been satisfied by transferring control over a product to a customer. Therefore, revenue recognition is one of the key areas our audit focused on.

How the matter was addressed in our audit:

In relation to the key audit matter above, our principal audit procedures include ensuring the transaction conditions and revenue of the sale contracts have been properly recorded; random sampling of sales transactions within a certain period before and after the financial reporting date; verifying invoices and forms to confirm that revenue recognition has been recorded in an appropriate period.

2. Sale of Equipment and Equity Investment Transactions and Fair Value Evaluation of Financial Assets

For accounting policies related to the fair value evaluation of financial assets and the disposal of real estate, plant, and equipment, please refer to Note 4(6) and 4(10) of the financial statements. For uncertainties in the estimates and assumptions of the fair value evaluation of financial assets, please refer to Note 5 of the financial statements. For explanations on the disposal of real estate, plant, and equipment, please refer to Note 6(7) of the financial statements.

To meet operational planning needs, the Company sold a batch of equipment used in production lines to a third party to improve operational efficiency. Additionally, it decided to participate in the cash capital increase of the buyer's parent company. The Company completed the equipment delivery and equity investment transaction in October 2024. Since the aforementioned transaction is a related party transaction and involves complex accounting treatment, if the sale price of the equipment does not reflect the fair value of the transaction, it will result in incorrect recording of the sale transaction, affecting the balance of assets sold and the amount of gain or loss on disposal in the financial statements. The fair value evaluation of the financial assets generated from the equity investment transaction is a highly uncertain accounting estimate. Therefore, the auditor has identified the aforementioned transaction as a key audit matter for the current year.

How the matter was addressed in our audit:

In relation to key audit matter above, our principal audit procedures include reviewing the signed equipment sale contract and equity investment transaction agreement and evaluating the appropriateness of their accounting treatment based on the contract terms.

Reviewing the board meeting minutes to confirm whether the asset disposal proposal has been properly evaluated and approved.

Obtaining proof of equipment delivery and acceptance by the buyer, and verifying the transaction records and payment receipts for the sale of equipment.

Reviewing the remittance proof for the cash capital increase participation.

Examining the basis and reasonableness of the fair value evaluation of financial assets (equity) and verifying the accuracy of the gain or loss on disposal and its recognition at the correct time.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the investment in other entities accounted for using the equity method to express an opinion on this financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Chen, Yen-Hui and Kuo, Shyh-Huar.

Independent Auditors' Report

To the Board of Directors of Darwin Precisions Corporation:

Opinion

We have audited the consolidated financial statements of Darwin Precisions Corporation (“the Company”) and its subsidiaries (together referred to as “the Group”), which comprise the consolidated balance sheets as of December 31, 2024 and 2023, the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of material accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2024 and 2023, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards (“IFRSs”), International Accounting Standards (“IASs”), Interpretations developed by the International Financial Reporting Interpretations Committee (“IFRIC”) or the former Standing Interpretations Committee (“SIC”) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Certified Public Accountants Code of Professional Ethics in Republic of China (“the Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

I. Revenue recognition

Refer to Note 4(14) “Revenue from contracts with customers” and Note 6(17) “Revenue from Contrasts with Customers” to the consolidated financial statements.

Description of key audit matter:

Revenue is recognized when the control over a product has been transferred to the customer as specified in each individual contract with customers. The Group recognizes revenue depending on the various sales terms in each individual contract with customers to ensure the performance obligation has been satisfied by transferring control over a product to a customer. Therefore, revenue recognition is one of the key areas our audit focused on.

How the matter was addressed in our audit:

In relation to the key audit matter above, our principal audit procedures include ensuring the transaction conditions and revenue of the sale contracts have been properly recorded; random sampling of sales transactions within a certain period before and after the financial reporting date; verifying invoices and forms to confirm that revenue recognition has been recorded in an appropriate period.

2. Sale of Equipment and Equity Investment Transactions and Fair Value Evaluation of Financial Assets

For accounting policies related to the fair value evaluation of financial assets and the disposal of real estate, plant, and equipment, please refer to Note 4(7) and Note 4(10) of the consolidated financial statements. For uncertainties in the estimates and assumptions of the fair value evaluation of financial assets, please refer to Note 5 of the consolidated financial statements. For explanations on the disposal of real estate, plant, and equipment, please refer to Note 6(7) of the consolidated financial statements.

To meet operational planning needs, the Group sold a batch of equipment used in production lines to a third party to improve operational efficiency. Additionally, it decided to participate in the cash capital increase of the buyer's parent company. The Group completed the equipment delivery and equity investment transaction in October 2024. Since the aforementioned transaction is a related party transaction and involves complex accounting treatment, if the sale price of the equipment does not reflect the fair value of the transaction, it will result in incorrect recording of the sale transaction, affecting the balance of assets sold and the amount of gain or loss on disposal in the financial statements. The fair value evaluation of the financial assets generated from the equity investment transaction is a highly uncertain accounting estimate. Therefore, the auditor has identified the aforementioned transaction as a key audit matter for the current year.

How the matter was addressed in our audit:

In relation to key audit matter above, our principal audit procedures include reviewing the signed equipment sale contract and equity investment transaction agreement and evaluating the appropriateness of their accounting treatment based on the contract terms.

Reviewing the board meeting minutes to confirm whether the asset disposal proposal has been properly evaluated and approved.

Obtaining proof of equipment delivery and acceptance by the buyer, and verifying the transaction records and payment receipts for the sale of equipment.

Reviewing the remittance proof for the cash capital increase participation.

Examining the basis and reasonableness of the fair value evaluation of financial assets (equity) and verifying the accuracy of the gain or loss on disposal and its recognition at the correct time.

Other Matter

The Company has additionally prepared its parent-company-only financial statements as of and for the years ended December 31, 2024 and 2023, on which we have issued an unmodified audit opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the IFRSs, IASs, IFRIC, SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (inclusive of the Audit Committee) are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Chen, Yen-Hui and Kuo, Shyh-Huar.

KPMG

Taipei, Taiwan (Republic of China)

Notes to Readers

The accompanying consolidated financial statements are intended only to present the consolidated statement of financial position, financial performance and cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally accepted and applied in the Republic of China.

The independent auditors' audit report and the accompanying consolidated financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language independent auditors' audit report and consolidated financial statements, the Chinese version shall prevail.

Comparison Table for the Rules for the Election of Directors Before and After the Amendment

After amendment	Before amendment	Reason of amendment
<p>Article 4:</p> <p>The election of Directors shall adopt a candidate nomination system, and the shareholders shall elect the directors from among the nominees listed in the roster of director candidates, and such number shall be in compliance with the number of positions for director set forth in the Articles of Incorporation. The candidates who receive the most voting rights for the position of director shall win the election and the voting rights received shall be ranked separately to determine the Director-Elect and Independent Director-Elect.</p> <p>If two or more candidates receive the same number of voting rights, thus exceeding the specified number of positions, they shall draw lots to determine the winner, with the chair drawing lots on behalf of any candidate not in attendance.</p> <p><u>The election of independent directors and non-independent directors shall be held together, but the voting rights received shall be ranked separately to determine the Director-Elect and Independent Director-Elect.</u></p>	<p>Article 4:</p> <p>The election of Directors shall adopt a candidate nomination system, and the shareholders shall elect the directors from among the nominees listed in the roster of director candidates, and such number shall be in compliance with the number of positions for director set forth in the Articles of Incorporation. The candidates who receive the most voting rights for the position of director shall win the election and the voting rights received shall be ranked separately to determine the Director-Elect and Independent Director-Elect.</p> <p>If two or more candidates receive the same number of voting rights, thus exceeding the specified number of positions, they shall draw lots to determine the winner, with the chair drawing lots on behalf of any candidate not in attendance.</p> <p><u>If the elected director in accordance with the procedure above is confirmed that the personal information of an elected Director is not correct or that the election of an elected director shall be null pursuant to the Applicable Law, the candidate receiving second most voting rights to such director in the same Shareholders' Meeting shall be elected to fill the vacancy.</u></p>	To comply with the Company's operation needs
(delete)	<p>Article 4-I:</p> <p><u>The election of independent directors and non-independent directors shall be held together, but the voting rights received shall be ranked separately to determine the Director-Elect and Independent Director-Elect.</u></p>	Incorporated into the provisions of the Article 4
<p>Article 5:</p> <p><u>The convener shall prepare separate ballots for directors in numbers corresponding to the directors or supervisors to be elected. The number of voting rights associated with each ballot shall be specified on the ballots, which</u></p>	<p>Article 5:</p> <p><u>The board of directors shall prepare the voting ballots, which shall not only be stamped with the company's seal, but also noted the number of electors' voting rights.</u></p>	To comply with the Company's operation needs

After amendment	Before amendment	Reason of amendment
<u>shall then be distributed to the attending shareholders at the shareholders meeting. Attendance card numbers printed on the ballots may be used instead of recording the names of voting shareholders.</u>		
(delete)	<p><u>Article 6:</u></p> <p><u>If the candidate is a shareholder of this Company, voters shall fill the candidate's name and shareholder's number in the "candidate" column of the ballot. If the candidate is not a shareholder of this Company, voters shall fill the candidate's name, the candidate's ID number. If the candidate is a government agency or a legal entity, the full name of the government agency or the legal entity or the name(s) of their representative(s) should be filled. In the event that several candidates represent a government agency or a legal entity, the names of the representatives shall be filled separately in the column.</u></p>	<p>In accordance with the document number No.1120386116 issued by the Financial Supervisory Commission R.O.C. (Taiwan), an Act to amend the Rules for the Election of Directors of companies listed on TWSE and TPEX, the candidate nomination system shall be adopted for the election of directors. Shareholders are required to elect directors from the list of nominees provided in the roster of candidates. Shareholders will be provided information regarding the names, education, and experience of each candidate prior to the shareholders' meeting. It is not necessary to indicate the candidate by shareholders' account number or ID number, and such information</p>
